NFPA 1971 COMPLIANT FIRE RETARDANT HOODS

NFPA-1971 compliant to latest regulation (UL Certified)

SPECIALTY

EMBROIDERED

OTHER

TRIPLE PLY HOODS

Same protection as our other hoods, but this hood has one more layer of material than NFPA requires. If you are an instructor for a fire school, or provide fire training, this hood is recommended. Any of our PAC series hoods can be manufactured with triple ply of material you desire.
